How is the number of DreamTrips Rewards Credits determined?

The number of DT Rewards Credits awarded is based on the number of \$10-plus purchases made at U.S. DT Local merchants during the promotional period. For example:

x1

Make **one** \$10-plus DT Local purchase and your DT points will be matched with DT Rewards Credits

x2

Make **two** \$10-plus DT Local purchases and your DT points will be matched with **double** DT Rewards Credits

x3

Make **three** \$10-plus DT Local purchases and your DT points will be matched with **triple** DT Rewards Credits

If a member makes more than three \$10-plus purchases at DT Local merchants in the U.S., only the DT Points earned from the first three purchases will be considered when DT Rewards Credits are awarded.

When will a member's DreamTrips Points be awarded?

During the promotion, DT Points will continue to be earned and awarded through the traditional DTL program: Points will be awarded once a qualifying purchase is captured in the **Local** section of the DreamTrips app. This timing will not be affected by the promotion.

When will a member's DT Rewards Credits be awarded?

All credits will be awarded by May 17, 2019, after the promotion ends and eligible purchases have been identified.
